## Choose from the menu, or a la carte?

Whatever you want, tell us and we'll work something out for you. It's your wedding story – how you tell it is up to you. At MyWeddingStory you can choose exactly what you want from your photographs.

A beautiful traditional style album from Jorgensen? A storybook from GraphiStudio? A DVD? High res images on CD? No problem. Talk to us and we'll arrange a package to suit you. However, many of our clients like to choose one of our packages. These represent fantastic value and of course you can always add extras if there's something else you'd like.

*Remember that all packages include all your pictures from the day that pass our quality control printed for you to keep and posted to a website for your family and friends to view.*

## The Wedding Story - our signature package

Quite simply the story of your day told with beautiful photography. The wedding story package features a 30 page album from either GraphiStudio or Jorgensen (your choice) with the pictures you select telling your story your way.

The Wedding Story package includes:

- all day coverage by Jonathan Ryan
- all your pictures that pass our QC printed to 6X4 inches
- a DVD of highlights from the day set to music
- either a 30 page GraphiStudio 10X14 inch album with a leatherette cover or a 30 page 12X12 inch Jorgensen album with a buckram binding

The Wedding Story package is priced at £1,900.

## The Wedding Story Deluxe – our most popular upgrades in one package

Our signature package just got a little more luxurious. We took the Wedding Story package and added on our clients' most popular add-ons and put them all together for a great bundled price.

You get

- everything in the wedding story package plus
- a beautiful customised album cover featuring your favourite picture (GraphiStudio allow a choice of metal, acrylic or silk – Jorgensen albums have a photo printed cover)
- an extra 10 pages in your album so you can tell your story more easily
- a disk of high resolution files of all your pictures from the day to print, keep or send to friends.

These upgrades alone would normally cost £800 but the Wedding Story Deluxe costs just £2,400.

## Ultimate Freedom

Maybe you don't want an album, maybe you want to make your own, maybe you just want the freedom to do what you want with your pictures. After all, it's your story and if you want ultimate freedom in how you tell it then you may find our ultimate freedom package is just what you need.

Here's how it works: Jonathan photographs your wedding for you. He will tell your story from all the excitement of getting ready at the bride's house right through to the first dance. After the wedding you'll receive

- all your pictures printed and posted to a website
- a disk of high resolution images from the day – you can use this disk to print your own pictures, to build a website, to make a photo book, share with your friends or use however you like.
- a DVD with highlights from the day set to music so you can watch it on your TV.

Ultimate Freedom is priced at just £1,600.

### Midweek Discounts

Getting married on a weekday? GREAT! We are delighted to offer the following discounts on all our packages.

Monday – Thursday (except Bank Holidays) take 20% off, Fridays (except Bank Holidays) take 10% off.

## Ultimate Splendour

Jonathan loves his work and puts everything into his weddings – but he can't be in two places at once. If he's at the bride's house then he can't be with the groom, if you choose to spend time getting beautiful portraits in great light then there may not be enough time to cover all of your guests at the cocktail party. Ultimate Splendour solves this – Jonathan will be accompanied by an associate photographer. Two photographers to tell your wedding story.

This is also a great package if you want extra albums for parents and friends and the ultimate in portability. The Ultimate Splendour includes:

- all day coverage by Jonathan and an associate photographer,
- a luxury sized album – GraphiStudio albums are 40 page 12 X 16 inch albums with your choice of custom cover, Jorgensen are 40 page 14 X 14 inch albums with your choice of photo cover or a range of premium finishes from leather to real wood
- 2 parents albums
- 4 gift albums
- a DVD of your day
- your choice of Sony PSP or iPod containing all your wedding pictures
- a disk of high resolution files
- and of course all your pictures printed and posted to a website.

Ultimate Splendour can be yours for £3,800.

## Expression

A favourite for those who are having a smaller wedding or where budget is limited. The Freedom package is our only "time limited" package. You get Jonathan to cover your wedding for 5 hours – which 5 is up to you (as long as they are all together!) but most clients like us to start 1 hour before the ceremony and continue afterwards.

As with all our packages you will receive all of your pictures printed and posted to a website – and if you run over don't worry, you can add on extra hours on the day at £100 per hour.

Expression costs just £900.

*Please note that the Expression Package is not available on any Saturday, Sunday or Bank Holiday from June – September inclusive.*
